SUBJECT: CORPORAL PUNISHMENT/ EMERGENCY INTERVENTIONS

Corporal Punishment

Corporal punishment as a means of discipline shall not be used against a student by any teacher, administrator, officer, employee or agent of BOCES.

Whenever a school employee uses physical force against a student, the school employee will immediately report the situation to the building principal or designee who will within the same school day, make a report to the Superintendent describing in detail the circumstances and the nature of the action taken.

The Superintendent will submit a written report semi-annually to the Commissioner of Education, with copies to the Board, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by the District authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

Emergency Interventions

If alternative procedures and methods which do not involve physical force do not work, then the use of reasonable physical force is permitted for the following reasons:

- a) Self-protection;
- b) Protection of others;
- c) Protection of property; or
- d) Restraining or removing a disruptive student.

Emergency interventions will only be used in situations where alternative procedures and methods that do not involve the use of reasonable physical force cannot reasonably be employed. Emergency interventions will not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify, or eliminate a targeted behavior.

Staff who may be called upon to implement emergency interventions will be provided appropriate training in safe and effective restraint procedures. The parent(s) of the student will be notified whenever an emergency intervention is utilized.
