Darlene Bessette
Supervisor of Purchasing Services

It is my recommendation that the St. Lawrence/Lewis BOCES Board of Education approves the rejection of all bids for the Fuel Oil re-bid that was awarded on June 30, 2022 for the following reasons:

Governor Hochul suspended the effective start date of July 1, 2022 for the Biodiesel Fuel requirements for New York.

The Cooperative Purchasing Office will re-bid Fuel Oil using the original General Conditions & Terms for the period July 1, 2022 – June 30, 2023 for all participating districts.

Thank you
Darlene Bessette
