

SUBJECT: PROFESSIONAL GROWTH/STAFF DEVELOPMENT

The Board believes that staff development through attendance at conferences, training programs, workshops, professional meetings, and other in-service activities is an essential element in the development of quality educational programs and sound personnel practices.

The Board encourages personnel to increase their competencies by continuing their training and experience through graduate study, staff development programs, and other appropriate educational activities.

NOTE: Refer also to [Policy #5211 -- Travel Expenses/Conference Approval](#).
